

# 2020 ANCDS Student Fellowship Winners

**ANCDS**

Academy of Neurologic Communication  
Disorders and Sciences

# Anne Billot

---

- Boston University
- Doctoral student
- Areas of interest
  - Neurobiology of language function and language recovery
  - Brain connectivity
  - Cognitive/language rehabilitation and neuroplasticity after a brain injury

# Julia Borsatto

---

- University of Windsor
- Ph.D. Candidate
- Areas of Interest
  - Pediatric Neuropsychology
  - Creation of Aphasia Friendly Environments
  - Program evaluation

# Robert Cavanaugh

---

- University of Pittsburgh
- Doctoral student
- Areas of Interest
  - Aphasia treatment specification
  - Aphasia outcomes
  - Implementation science
  - Quantitative methods

# Kaila Cote

---

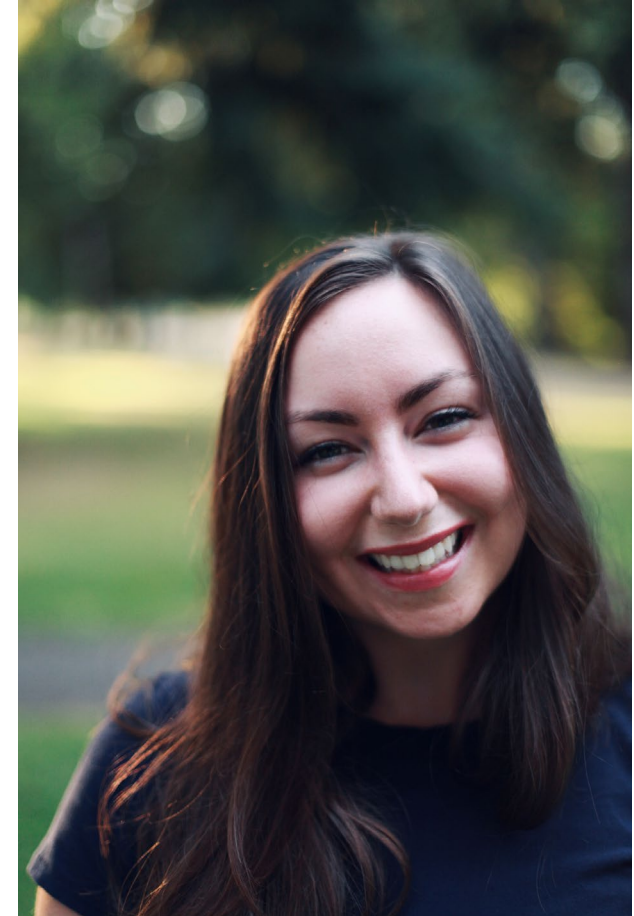

- University of New Hampshire
- Master's student
- Areas of interest
  - Aphasia and language
  - Implicit learning

# Qiana Dennard

---

- Portland State University
- Master's student
- Areas of interest
  - Swallowing disorders
  - Voice disorders
  - Progressive and acute neurological communication disorders
  - Access to services
  - Quality of life
  - Tracheostomy and ventilation dependency

# Zoe Ezzes

---

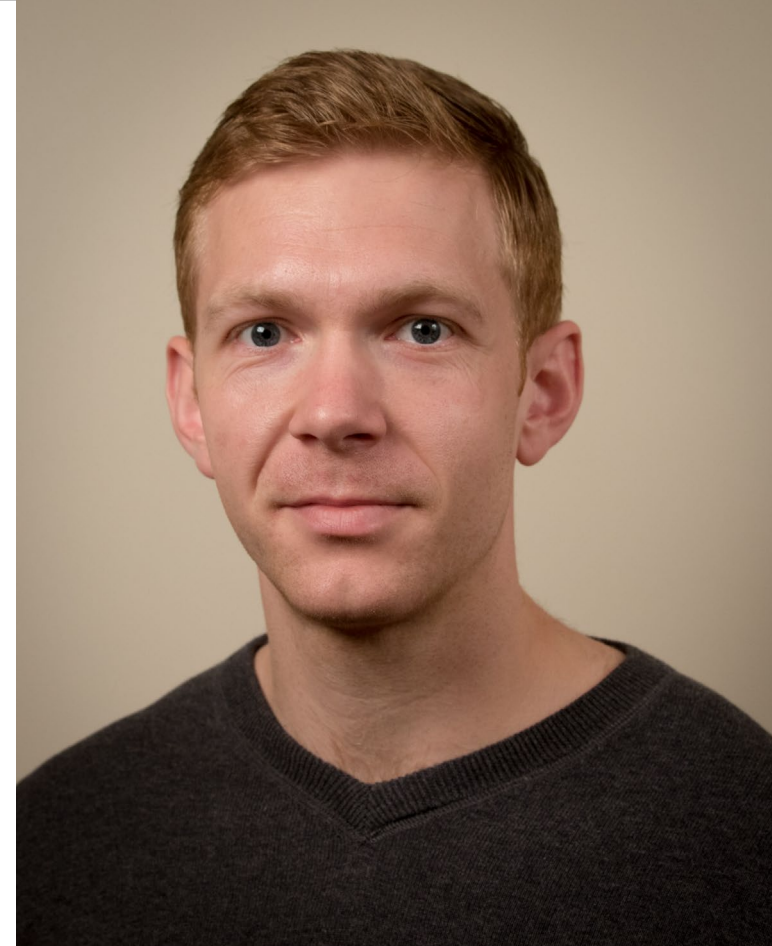

- Vanderbilt University
- Master's student
- Areas of interest
  - Aphasia
  - Cognitive neuroscience
  - Language neuroscience

# Sigfus Kristinsson

---

- University of South Carolina
- Doctoral Student
- Research interests
  - Neurogenic communication disorders
  - Aphasia
  - Apraxia of speech

# Emily Morrow

---

- Vanderbilt University
- Ph.D. Candidate
- Areas of interest
  - Traumatic brain injury
  - Rehabilitation
  - Memory and learning

# Hannah Rowe

---

- MGH Institute of Health Professions
- Doctoral Student
- Areas of interest
  - Developing quantitative measures of speech motor control
  - Improving diagnostic assessment and management of speech motor disorders in neurologic populations
  - Investigating neurological underpinnings of speech motor control

# Darbi Ruff

---

- Indiana University – Bloomington
- Master's Student
- Areas of Interests
  - Caregiver Social Networks
  - Role of Caregivers in Acquired Communication Disorders

# Stacey Sangtian

---

- University of South Carolina
- Doctoral Student
- Areas of interest
  - Speech motor control
  - Electrophysiology

# Brenna Scadden

---

- Brigham Young University
- Master's student
- Areas of interest
  - Functional therapy for neurogenic disorders
  - Effective interdisciplinary practice

# Saryu Sharma

---

- East Carolina University
- Ph.D. Candidate
- Areas of interest
  - Studying discourse comprehension and production abilities in persons with aphasia using eye tracking

# Reva Zimmerman

---

- University of Washington
- Doctoral Student
- Areas of Interest
  - Aphasia
  - Treatment Outcomes
  - Social Determinants of Health
  - Multiculturalism in CSD
