ANCDS

In cooperation with the Rehabilitation Institute of Chicago, ANCDS proudly announces the 2013 Scientific and Business Meeting. The theme of this meeting is “Implementation Science, Research-Clinical Gaps, & Innovative Treatment”. The Education and Standards Committee gathered together six individuals to present an interesting and thought-provoking program, challenging our boundaries of evidence-based practice, innovative treatment, and optimal health outcomes. Our speakers this year are individuals who have been thinking about Implementation Science from various perspectives and who will challenge us to expand our thinking in the area of research and clinical practice in speech-language pathology. ANCDS enthusiastically welcomes you to the Windy City for the 2013 Scientific and Business Meeting.

Topics and Speakers

Implementation Science

Anne Sales, Ph.D., RN
Division of Nursing Business & Health Systems
University of Michigan, Ann Arbor MI

The Missing Link: The role of intermediaries in research-to-practice transfer
